COVID chapter

- *Although it is still possible that COVID-19 will continue to affect our freedom of movement and sailing in 2022, the organizing committee and organizing clubs take the view that we should make all the arrangements as if a full ONZK calendar will be raced, as to allow the maximum possible and not reduce our possibilities upfront. In case of pandemic-control issues or measures should arise, each organising club will evaluate if they can organise their event in a safe way, and which restrictions will apply. Organizing clubs will decide on go/no go no later than two weeks before the first race day of their event.*
- *In case of annulation all organizing clubs will refund 100% of entry fees paid.*

General recommendations to the Organizing Authorities and participants.

The ONZK organization urges the Organizing Authorities of all racing days to take measures to attract as much participants as possible and suggests, between others:

- *Keep the entry fees as low as possible.*
- *Encourage an amicable and enjoyable post-racing atmosphere, on the pontoons in benign weather or in a protected area close to the boats otherwise. Mooring the boats as close together as possible is appreciated. Some free drinks and food are preferred over polo shirts.*
- *Treat CR and IRC classes in an equivalent way. (prize giving, care for good racing courses)*
- *Except for long distance racing days, the CR class is best served with two coastal courses with a target time of approx. 120 minutes (max 150 minutes). This requires a shorter course for the race group (defined in § 17) of CR yachts with the lowest TCF's.*
- *Except for long distance racing days, the IRC class is best served with a mixture of upwind-downwind- and coastal races. Upwind-downwind courses for IRC should preferably consist of 2 upwind and 2 downwind loops with a target time of 75 minutes to maximum 90 minutes, which also requires a shorter loop for the race group (defined in §17) of IRC yachts with the lowest TCC's.*
- *The ONZK organization advises the Organizing Authorities to verify a number of measurements on rigs and sails of at least one yacht in the top three of IRC 1-2 group and same for IRC 3 group. The yachts to be checked are chosen by lot or at the discretion of the Organizing Authority. When a measurer concludes that a yacht does not comply with her measurement certificate, the fees for a new measurement are to be paid by this yacht. The measurer will report to the jury and the IRC rules will be applied.*
- *Consider creating a WhatsApp group to which all skippers are invited to participate, this will ease and improve communication about your event.*
- *In general, ONZK-participants are not professional sailors. It is advised to be detailed and explicit in SI (e.g., clearly instruct whether a mark is to be "rounded" or "left" to port or starboard) and to communicate abundantly over VHF (in English). Do consider organizing a sailor briefing each morning before going afloat.*

ONZK COMMON NOTICE OF RACE & SAILING INSTRUCTIONS

These "Common notice of race and sailing instructions" will apply to all regattas selective for the Indumar Open North Sea Championship 2022 except if overruled by local notices or instructions.

Each Organizing Authority will also provide its own notice of race, and its own sailing instructions to complete these "Common notice of race and sailing instructions". These own Notice of Race and Sailing Instructions will be further called "Local Notice of Race" and "Local Sailing Instructions".

Times given in these "All events notice and sailing instructions" or in any other instructions concerning the races are referring to the official local times in 24-hours format.

[NP] denotes that a breach of this rule will not be grounds for a protest or a request for redress by a boat.

[SP] denotes a rule for which a standard penalty may be applied by the race committee without a hearing

COMMON NOTICE OF RACE

1 RULES

1. The event is governed by the rules as defined in The Racing Rules of Sailing.
2. The WORLD SAILING Offshore Special Regulations, Category 4, changed so that a heavy-weather jib is not required to be on board. If Offshore Regulations with a category different from 4 or with a life raft are required, this will be stated in the local notice of race of the relevant event.
3. The IRC Rules 2022 for yachts sailing in IRC: under rule 87 the following IRC rules have been changed:
 - a) where IRC Rule 21.1.5(e) is replaced by "A spare mainsail may be used as a racing replacement when the race committee notifies so on the official notice board".
 - b) where IRC Rule 21.1.5(d) is completed by "It is not compulsory to carry the spare mainsail on board on the other days of the regatta."
 - c) where IRC Rule 22.4.2 is replaced by "The maximum number of crew that may sail aboard a boat shall be the Crew Number printed on her certificate, without weight limit. This crew number may be exceeded as long as the total crew weight does not exceed 85kg multiplied by the Crew Number printed on the boat certificate."
 - d) IRC Rule Part C (advertising permitted) will apply.
4. Between sunset and sunrise, or in fog where visibility is limited to 200 meters or less, the rules of Part 2 are replaced by Appendix RV which can be found on <https://www.sailing.org/89586.php>.
5. The Belgian national authority prescriptions will apply for events sailed in Belgium.

14 PENALTY SYSTEM

- 1 RRS 44.1 is changed so that a boat may take a One Turn Penalty when she may have broken a rule of Part 2 while racing.
- 2 For a yacht that may have infringed a rule other than a rule of chapter 2, a penalty will be in place. The penalty can be less than disqualification if the protest committee so decides but will not be lower than 10% of the total number of yachts starting, with a minimum of 1 place.
- 3 [DP] RRS 42.1 will be applied. As foreseen in the Fundamental Rule of WORLD SAILING (assistance) or to recover a person who fell overboard, the RRS 42.3(f) (propulsion) allows using the engine or other means of propulsion. Such an incident must be declared at the finish of the race and shall be reported on the race declaration. In case of unforeseen circumstances, a yacht may be in a position whereby she is bound to use the engine or other means of propulsion, so as not to infringe in International Regulations for Preventing Collisions at Sea (IRPCS) or the governing right-of-way rules applicable to the area. Such an incident must be reported on the race declaration. In this case, the jury may announce a penalty or disqualification if it is convinced that the involved yacht gained a significant advantage.

15. SCORING

1 RACING DAYS:

- a) Each racing day is open for yachts with a valid IRC or CR measurement certificate except Thursday August 25 (first day of the European championship IRC in Breskens) which is only open for the ICR-class.
- b) The ranking for each individual race will be made according to the IRC / CR formula time on time whereby Corrected time = Elapsed time x TCC / TCF.
- c) If for an event less than 12 IRC yachts entered, they will all race together as one race group with one result for every racing day of the event. If for an event less CR yachts entered, they will all race together as one race group with one result for every racing day of the event.
- d) If for an event 12 or more IRC yachts entered, it is for the race committee to decide to split the IRC fleet in two or three race groups, based on the class division as stated in article 6, where each race group shall consist of at least six boats. The results for every racing day of the event will also be made in the same number of race groups. The same race group separation principles apply to the CR fleet.
- e) The limit of respectively 12 and 6 yachts as determined in art 15.1(c) a5.1(d) may be altered by the Organizing Authority if this leads to a better distribution of yachts in race groups and course lengths as per the "General recommendations to the Organizing Authorities."

2 MULTIPLE DAYS EVENTS

- a) The overall score for each event that exists of two or more racing days, will be determined using the "Low Point System" provided in Appendix A4 of RRS. One or more discards can be applied (see Local Notice of Race and Local Sailing Instructions).
- b) Prizes for the event will be handed out as stated in the Local Notice of Race.

3 OVERALL ONZK RANKING

- a) The final ONZK ranking will be scored as provided in Appendix A4 of RRS, using the "Low Point System". All racing days will count for the final ONZK ranking, taking into consideration that a yacht should have started in at least 5 out of 13 (12 for CR) racing days to be included in the final ONZK ranking and that the 7 best scores count. When two racing days should be cancelled the final ONZK ranking will be calculated as best 6 of 10 (9 for CR) racing days, when three or more major events should be cancelled the final ONZK ranking will be calculated by taking the 5 best results into account.
- b) To determine the final ranking of the ONZK, each yacht will receive points equal to his place in the day results of each racing day, whether that day be raced in 1, 2 or 3 IRC or CR groups except for Breskens where each IRC group will receive the points of each racing day splitting up IRC 1, 2 and 3 and after exclusion (at the end of the 2022 season) of boats that only Raced in Breskens before end September 2022.
- c) A boat that does not start in at least one individual race of a racing day, will score for that day the points of a DNC+1, taking into consideration the maximum number of boats in the race group of her IRC or CR class over the twelve sailing days. This changes rule A9.
- d) The final ONZK ranking will be made in the following groups:
 - (i) IRC 1: all boats with TCC \geq 1,050
 - (ii) IRC 2 & 3: all boats with TCC < 1,050
 - (iii) CR 1 & 2
 - (iv) CR 3 & 4

(v) CR 5 & 6

(vi) Two-Handed (best 3 results)

e) When a race or a racing day is cancelled, it will be considered as it did not take place.
